

VARIO D8

Available in both four and eight pocket versions, the VarioD8 is the ultimate in convenience and elegance. Its attractive design is enhanced by birch or frosted acrylic shelves supported from a distinctive aluminum stand. Extremely compact, its lightweight and telescoping design makes it easy to display your printed materials both quickly and effectively. Includes transport bag.

BROCHURE STAND

The Brochure Stand's design is both sleek and stable, quickly giving your printed materials maximum exposure. Its high quality aluminum frame contains four durable clear poly carbonate brochure holders that fold easily at the touch of a button. Choose between a padded fabric transport bag or the wheeled hard case with convenient extendable handle.

INNOVATE

Stylish and practical, the Innovate boasts ten pockets of printed materials display that provides maximum literature holding capability in a convenient package. Its modular design allows the unit to breakdown into three separate pieces that pack into it's supplied carry bag for a reduced shipping size. The Innovate is available in a textured Black or Silver finish.
