

AN ADJUSTABLE LARGE FORMAT BANNER STAND WITH POLE-POCKET MOUNTING.

The Adjustable Banner is fabricated with an extremely compact and lightweight pole pocket mounting system. The two steel bridge bases keep the structure firmly in place while the telescopic upright poles and adjustable width allows for a wide variety of size options. Combined with a vibrant dye-sublimated fabric graphic, the Adjustable Banner packs a large display backdrop solution in an economical and easy to set-up portable package.

FEATURES

- Telescopic adjustment from 36" to 96" high
- Models ranging from 24" to 96" wide
- Jumbo tubing available for heavy weight vinyl graphics
- Offered in satin silver or matte black
- Lightweight, portable and easy 5 minute set-up

3" x 17" sturdy steel support foot

Twist lock offers horizontal and vertical size adjustments

Optional extra cross bar kit attaches anywhere along the uprights with snap-on glides

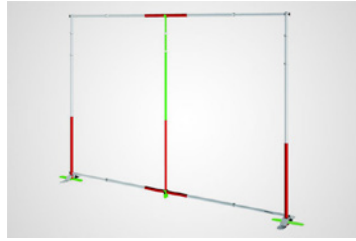

OPTIONS & ACCESSORIES

Enhance the functionality of the Adjustable Banner by adding these optional accessories.
