

# MURALE

## SET-UP INSTRUCTIONS

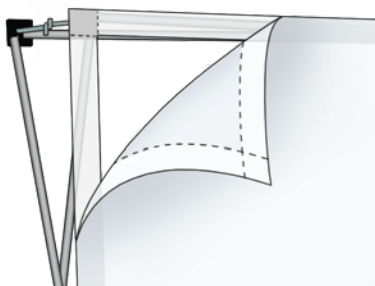

- 01** Place the Murale display frame on the ground and pull straight up to expand.

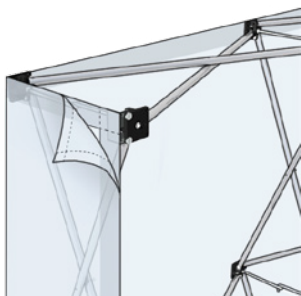

- 02** Connect all of the steel hooks to lock the expanded Murale display frame securely.

- 03** Attach the fabric Murale graphic to the velcro perimeter.

- 04** Wrap the end panels around the sides of the Murale frame and attach to velcro brackets.

### DISMANTLING TIP

When dismantling the Murale pop-up display, it is possible for the fabric graphic to stay attached to the frame. In order to do so, simply detach the end panels from the velcro brackets on the sides of the frame and ensure that all steel hooks are disengaged prior to collapsing the frame.
