

BANNER STANDS ROLL UP S10

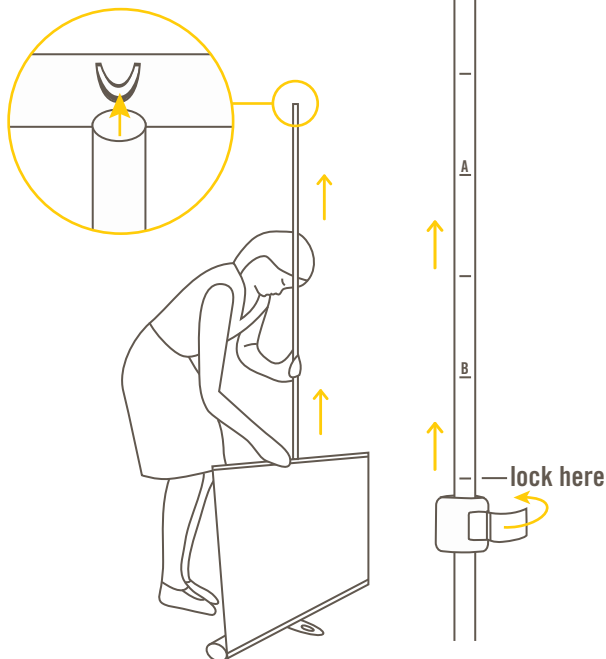

01 Rotate the support foot 90° (perpendicular) to the Roll Up S10's base.

02 Unfold and assemble the 2-piece pole sections. Insert the pole assembly through the slot on the back of the base and into the hole of the support foot.

03 Pull the graphic panel out of the base and insert the top of the pole into the slot on the back of the top profile bar. Pull up the telescopic pole section and lock in place at the last mark (last mark after B)

04 Assembly is complete.
